

**CRUZE MONO**  
ECO FORMULA

**Product Definition**

They are mono-grade motor oils for diesel motors, produced by blending with the high quality paraffinic based oils and the anticorrosion, antioxidant and antifoam additives.

**Application/Usage**

It is used in the oil pan of naturally aspirated, small and medium-sized, gasoline and diesel engines which do not need high performance engine oils. They are suitable to be used in the vehicles which make short distance transportation and frequent oil changes.

**Product Package**

200 Lt - 20Lt - 4Lt - 1Lt.

**Specifications/Approvals**

API SF-4/CF, MIL-L-2104 E

**Storage**

Protect from direct sunlight and rain. Store in the original closed drums and in covered areas. Storage temperature must be between (+5)-(+40)°C.

**Health and Safety**

This product is unlikely to present any significant health or safety hazard when properly used in the recommended application. Used or waste product should not be allowed to contaminate soil or water. Used or waste product should be disposed of in accordance with local regulations. For further guidance on product Health and Safety refer to the appropriate Material Safety Data Sheet.
